# November 2017 Monthly Feature Review

## User Testing Help

We're working hard to make PolicyStat work right for our users. To make sure we get it right, we're looking for users to help us test some new ideas and preview some early ideas well before it happens. Participating in a test session won't take much of your time, usually about 20-30 minutes, but will serve as an immense help for us to get our designs and features right. Sound interesting? Contact us at [support@policystat.com](mailto:support@policystat.com). Thanks!

## PolicyStat Insider Tips and Tricks

New Features	What It Does	Where to find it
UserVoice	Allows Site Admins to suggest ideas for how to make PolicyStat even better, and vote on other's suggestions.	From the <b>Admin</b> tab, click <b>Share My Feedback</b> button. (Top right of Admin menu page, just under PolicyStat logo)
HelpGuide Menu	Get guided help perform common actions, access Learning Center resources, contact support, and much, much more.	Click the HelpGuide tab on the right side of any PolicyStat screen.
PolicyStat Newswire	Our product update (and PolicyStat insider) blog keeping users in the know about the newest updates and features.	<a href="https://policystatnewswire.com">https://policystatnewswire.com</a> or click the Newswire link from the Learning Center home page.
PolicyStat Connect	PolicyStat Connect is the place to connect with other PolicyStat users and ask questions, share your ideas, policies, strategies, and personality. Our users love to help, all you have to do is ask.	<a href="https://support.policystat.com/hc/en-us/community/topics">https://support.policystat.com/hc/en-us/community/topics</a> We recommend starting at the <a href="#">Welcome to the User Community topic</a> for the most guidance for beginners.
